Many a Democratic ballot will be carried to the polls on November 3rd in an idle laborer's empty dinner pail.

That trick mule has not been before the public for more than a week. It must be preparing for some new stunts.

If Taft is elected Roosevelt will send him the skin of the first lion he kills in Africa, provided he will agree to take pains as to how he wears it.

The law as to the rights and privileges of air ships and the principles governing aerial navigation will be the next thing for lawyers to "rub up on."

Taft should have put a "coal baron" on his advisory committee to balance it with the powder trust man and the railroad magnate; but no doubt that will come later.

The full dinner pail which helped elect McKinley will be outweighed by the empty and lighter one this year which will have much to do with the election of Bryan.

The "waste basket of posterity" will be the recipient of many of the political speeches of this year as is usually the case in all political campaigns.

It is true there is "money in good roads," but there is such a thing as the people assuming too great a burden of public indebtedness and taxation. Both sides of the question should be considered.

A fashion Journal says "You can't keep the sheath skirt down." That being the case it is likely to grow in popularity with the men who occupy the bald-head row at the vaudeville.

Since Jeffries Davis and Governor Vardaman have retired from the stage Arkansas and Mississippi do not occupy the prominent position before the public that they did a while back—a prominennce the good people of those States did not relish.

When Wilmington's street and waterworks bonds are issued the city's indebtedness will be increased by nine hundred thousand dollars. Her proportion of the proposed issue of county bonds, if issued, would necessitate the raising by taxation of the interest on nearly a million dollars of additional indebtedness. Can the tax-payers stand this? That is a question for them to decide for themselves.

THE DATE IS NAMED

Hon. William Walton Kitchin, to Address New Hanover Voters September 30th.

LOCAL CAMPAIGN ITEMS

Organization of Bryan and Kitchin Club Tonight—Possibility of Joint Debate With Republican Nominee.

Hon. William Walton Kitchin, Democratic nominee for Governor of North Carolina, who is now engaged in an active daily canvass of the western counties of the State, speaking some time twice and three times a day, will come east on Monday September 28th, by direction of State Chairman A. H. Eller and will address the voters of New Hanover at Wilmington on Wednesday night, September 30th.

This announcement was received yesterday by County Chairman John J. Furlong and it was received with both interest and enthusiasm by the Democrats of this county. Mr. Kitchin's itinerary in the East will begin at Rockingham on Monday, Sept. 28th; Tuesday he will speak at Lumberton, where a more or less bitter factional fight has been engendered in county politics, and on the following day will arrive in Wilmington, speaking here at night. From Wilmington Mr. Kitchin goes to Southport on Thursday; Whiteville on Friday, closing the week with a monster Democratic rally in Fayetteville on Saturday.

There can be no doubt of the enthusiastic reception which will be given Mr. Kitchin here. His coming some time during the campaign has been awaited with pleasure and now that the date has been announced, active preparations will be commenced at once to make of this visit the one big rally for New Hanover in this campaign. More or less interest has been attached to his coming because of the challenge thrown down to him for a joint debate with some Republican to be named by Republican County Chairman D. L. Gore. For perfectly obvious reasons, previously stated in these columns, editorially and locally, no lesser Republican light than Nominee J. Elwood Cox as Mr. Kitchin's adversary would be countenanced by New Hanover Democracy and it remains to be seen whether or not the High Point manufacturer will approach the sacrificial altar upon this occasion. Arrangement of the joint debate is still open. County Chairman Furlong was confined to his home by a slight indisposition yesterday upon the definite announcement of the date named for Mr. Kitchin and could do nothing further to conclude the matter of the joint debate.

Simultaneously with the good news that Mr. Kitchin's appointment for Wilmington was to be upon an early date came the regrettable information that on account of a previous engagement Senator Lee S. Overman would find it impossible to be here for the organization of the Bryan-Kitchin Club in the Court House here tonight. Mr. Overman was appointed to speak in Raleigh night before last, but on account of a delayed train he could not get there from Lillington and returned to his home at Salisbury where the telegram reached him yesterday. He wired at once his regrets as stated.

However, for the meeting of the Bryan-Kitchin Club tonight there will be a number of prominent local speakers and the public is most cordially invited to attend. All friends of Democracy and good government are asked to bear in mind the hour for the meeting and be on hand promptly. A permanent organization will be effected with the election of officers and committees and plans will be made for an aggressive campaign. The special effort this time will be to get out a full vote on election day in order that the county may be restored to its proper representation in the conventions of the party and in order that it may have the two representatives in the General Assembly to which it was formerly entitled. There has been an awakening of public interest in things political and the progressive citizen of a progressive community can ill afford not to personally interest himself in the campaign which is just now in progress.

High Tides at Georgetown, S. C.

Persons arriving from Georgetown, S. C., yesterday stated that the freshet in the Pee Dee and other rivers was just reaching that place and that while no damage was expected to result there, the tide Tuesday afternoon at 6 o'clock came over the wharves and into the street nearest the waterfront. Easterly winds and near full moon was expected to carry the water even higher yesterday. All the rice plantations on the Waccamaw, Pee Dee, Santee, North and South rivers are reported to have been submerged. It was reported that two small children in a barrel were picked up in the Sanee river at Webdo landing, still alive but almost famished since they had been washed down by the freshet.

ON THE MASONBORO ROAD

Completed For Distance of Over Four Miles, Leaving Whightsville Turnpike at Second Toll House—Improvement.

The building of a permanent macadam road from the second toll house, on the Wrightsville turnpike, to Masonboro Sound, has now been completed to just beyond the Masonboro church, a distance of something over four miles and if nothing unforseen occurs, the completion of this improvement, a further distance of a mile and three-quarters, will be but a question of a short time.

Through the courtesy of Superintendent H. Hocutt, a representative of this paper yesterday had the pleasure of going over the splendid new driveway and was impressed with the great improvement in that section of the county, which is just now fast developing. The work has been greatly retarded on account of the excessive rains and the surface of the macadam is not yet what it will be when completed finally, but the extension of the thoroughfare has wrought a wonderful change in that township. It is stated that lands have phenomenally increased in value where any tracts are offered for sale at all and that in all other ways the natural impetus that is given by good roads has been imparted to the people living in that section.

The road is not only being extended to the Sound but it is being graded and straightened, resulting in a great saving of distance and making possible the best of drainage and bridge building where it is required. Masonboro is one of the most fertile townships and is peopled by among the most progressive people in the county. They, with the road building contingent of New Hanover, are to be congratulated upon the near completion of this important public improvement.

THE LEADER FOR AUGUST

Mr. R. H. Gwaltney Led Jefferson Standard Agency Force for August.

The current number of the Jeffersonian, the agency publication of the Jefferson Standard Life Insurance Co., of Raleigh, has two announcements of interest and pleasure to many friends in Wilmington. One of these is of the winning of a beautiful gold watch by Mr. R. H. Gwaltney, of this city, offered by the company for the largest amount of business obtained and delivered between June 1st and August 6th. The watch was a very valuable one and has been delivered to Mr. Gwaltney after a close contest. In the Jeffersonian this month, Mr. Gwaltney tells in his modest way how "the trick was turned."

The other announcement is that Mr. Gwaltney during the month of August led all other agents of the Jefferson Standard both in volume of business and in business delivered and paid for. The record is a fine one and both Mr. Gwaltney and the Jefferson Standard are to be congratulated.

TO LECTURE THIS EVENING.

Rev. J. A. Smith on "Battle of Fort Fisher", at First Baptist Church.

Tonight, in the lecture room of the First Baptist church, Rev. J. A. Smith will deliver his lecture on "The Battle of Fort Fisher." The citizens of Wilmington generally are invited, but the young people are given a special invitation to hear this lecture, as it is of historic interest and is of educational value. There will be no tickets, nor admission charged, but a free-will silver offering will be made, at the close of the lecture, by those who wish to make such voluntary offering, every dollar of which will go toward the improvement of the Wallace Baptist church, of which Rev. Mr. Smith is pastor. The people at Wallace have made a heroic struggle to get the house ready for the meeting of the Wilmington Baptist Association on October the 13th, and Pastor Smith has generously donated the lecture for this purpose.

ENTERTAINMENT TONIGHT

The N. N. S. Society in conjunction with the choir of Fifth Street M. E. The young people have arranged a delightful evening's entertainment and all friends are most cordially invited. There will be a programme of music, recitations, etc., with refreshments.

Ryan Fails to Throw Herbert.

The Wilmington grapple fans will be interested to know that Tommie Ryan, who recently took up headquarters in Lynchburg, Va., was unable to meet his obligation to throw George Herbert, the light-weight champion of America ,three times within an hour in the match between them at Lynchburg Tuesday night. Ryan secured two falls, the first in 21 minutes and the second in 20 minutes but the third never came. Herbert is from Richmond and his work was entirely defensive.

(Special Star Telegram.)

Petersburg, Va., Sept. 9.—Wilmington won the third and last game of the series with Petersburg this afternoon, making it three out of four on the local grounds.

These games were worth anyone's money and Petersburg's defeat is tempered by the knowledge that they were up against the real thing. McDonald, for Wilmington, pitched the game, allowing only four hits, three of which are credited to "Rube" Howard, one over right field fence, bringing one man in and scoring himself. This ended Petersburg's scoring. The Cockade City boys suffered from their old complaint, inability to bunch hits. A change of batting order might have told a different story. Ellyson, for Petersburg pitched good ball. Score:

Wilmington ....100 020 010—4 6 3
Petersburg ....000 020 000—2 4 2

Batteries—McDonald and Ross; Ellyson and Churn. Umpire Parrish.

Summary—Earned runs, Petersburg 1, Wilmington 1; home run, Howard; two base hits, Howard and Cooper; struck out, by Ellyson 2, by McDonald 4; bases on balls, off Ellyson 2, off McDonald 2; time 1:50.

National League Results.

New York, Sept. 9.—New York had no difficulty in defeating the Brooklyn team today 7 to 3. Maloney, who caught for Brooklyn, could not throw to bases and the home players had nine steals to their credit. The score:

Brooklyn .....100 000 011—3 6 2
New York.....002 000 50*—7 7 2

Bell and Maloney; Ames and Bresnahan and Needham. Time 1:40.

Pittsburg, Sept. 9.—Pittsburg hit Campbell safely 17 times today and won easily from Cincinnati by a score of 11 to 1. Maddox was strong at all times. The score:

Pittsburg .....001 130 321—11 17 1
Cincinnati .....000 000 001— 1 7 1

Maddox and Gibson; Campbell and Schlei. Time 1:40.

Chicago, Sept. 9.—The locals obtained a good lead today by daring base running, several mishaps and six timely hits. Konetichy scored the visitors' first run in the eighth on a mighty hit to the club house for four bases. They made two more in the ninth on two hits and a wild throw by Overall. The score:

Chicago .....100 002 20*—5 8 2
St. Louis .....000 000 012—3 5 5

Overall and Kling; Higgins and Ludwig. Time 1:18.

Boston, Sept. 9.—The Bostons defeated the Phillies in a splendid exhibition this afternoon in a score of 5 to 2, being the only one of the clubs in the lower division to wrest victory from their opponents.

Virginia League.

Lynchburg, Va., Sept. 9.—It required 16 innings for Lynchburg to take the game from Roanoke today but the trick was finally turned toward nightfall in a score of two to one. Rath, the new shortstop recently secured from the Wilmington, N. C., Club is showing up in fine form. He is quick and active and hits the ball hard. Byrd has been shifted to third to allow Rath his usual place at short. He made his bow to the Lynchburg "nuts" yesterday, securing one hit, one run and one error of a very difficult ball to field.

Danville, Va., Sept. 9.—Twelve innings were required today before the locals could defeat the league leaders from Richmond, the score being 5 to 4. Bussy, for the Richmond team, pitched yesterday's game and was quite effective except in the eighth inning when two singles and a home run gave Danville her only three runs against the four for Richmond.

Portsmouth, Va., Sept. 9.—A doubleheader was played here today with the Norfolk crew, the first resuling in a shut out three to nothing for the visitors and the second four to two in Norfolk's favor.

American League Scores.

At Washington 5; Boston 4.
At Detroit 7; Chicago 6.
At New York 9; Philadelphia 6.
At Cleveland 1; St. Louis 0.

Southern League.

At Nashville 2; Little Rock 3.

With the Local Fans.

It was with sorrowful hearts that the local fans learned yesterday of the sale of Shortstop Rath, of the Wilmington team, to the Lynchburg team in the Virginia League. The consideration is reported to have been $500. As noted above Rath has already reported in the Lynchburg aggregation.

Having joined Lynchburg, Rath was not with the locals in Petersburg Tuesday and yesterday. Capt. "Dick" Smith has joined the Sailors in the Cockade City and is playing at third while Cooper is at short in place of "little Rathy."

A gentleman who returned yesterday says that the Petersburg people are in love with the Wilmington team and are willing to back it for any amount against the Richmond pennant winners in the Virginia League with whom a series of game may be arranged.

COUNTY COMMISSIONERS

Special Meeting Yesterday With Sanitary Board to Pass Upon Carolina Heights Sewerage System and Disposal Plant.

To consider the matter of the approval of the plans and specifications for the extensive system of sewerage being laid at the Carolina Heights property to the east of the city, as is required by law when such improvements are made outside of incorporated towns and cities, a special meeting of the Board of County Commissioners was held yesterday afternoon.

Members present at the meeting were Chairman McEachern and Messrs. Robertson and Alexander. Blue prints of the system as now being laid were presented to the Board as prepared by F. B. Porter, sanitary engineer of Atlanta, and B. H. Stephens, resident managing engineer. The plans not only call for an up-to-date system of sewerage but a disposal plant of the latest approved construction. After discussing the matter at some length, the Commissioners decided to refer the matter to the County Sanitary Board, which met immediately following the first meeting. There were present at the latter meeting, the commissioners named and Drs. R. H. Bellamy and Edward Jenner Wood. The County Sanitary Board decided to refer the entire matter for final approval to the State Board of Health. It is not expected that there will be any objection to the plans as submitted and that the work will proceed without interruption. The system contemplates an outlet in the creek running by the National cemetery into which both the Wilmington Sewerage Company and the Carolina Place systems are supposed to have outlets, with proper disposal plants.

PRETTY HOME MARRIAGE

Miss Nannie E. Cromartie and Mr. D. R. Newkirk Wedded.

A happy wedding pronounced by friends to have been exceptionally pretty in its simplicity, was the marriage last evening of Miss Nannie E. Cromartie, of this city, and Mr. David Rhodes Newkirk, of Sampson county. They were married at the home of the bride's sister, Mrs. W. K. Anders, 416 Red Cross street, by Rev. A. D. McClure, D. D., pastor of St. Andrews' Presbyterian church, and the nuptials were witnessed by intimate friends and relatives. The home was tastefully decorated, carrying out with much precision the colors of green and white, being delightfully arranged by Mrs. Oscar Hinton. Following the ceremony Dr. and Mrs. Anders tendered a reception to the couple and the attendants, which was a feature of much delight. The couple are very popular and have a large concourse of admiring friends, who will learn of the marriage with much interest. Mr. and Mrs. Newkirk will leave this morning for their future home in Sampson

BRIGGS NOMINATED

Fourth District Republicans Name Raleigh Postmaster to Oppose Mr Pou.

AFFAIRS AT STATE CAPITAL

Case of Young Man Incarcerated For Board Bill—Conferring Over Adams Suit Against Butler—Postmasters.

(Special Star Telegram.)

Raleigh, N. C., Sept. 9.—Willis G. Briggs, now postmaster here, was nominated for Congress by the Fourth District Republican Congressional Convention this afternoon. Former fusion Congressman J. W. Atwater, of Chatham, and W. G. Alford, of Wake, were mentioned for nomination before the convention, but after a lengthly caucus there was a unanimous nomination of Briggs.

He was notified and expressed his appreciation for the nomination which he declared he had urged the party leaders to give to some one else. He pledged the strongest campaign of which he is capable. He discussed National affairs briefly, urging the need of the district for a Congressman whose party affiliations are in line with the dominant party. It is not believed he will fesign the postmastership for the campaign. Frank D. Jones, of Moore county, was named for elector.

Postmaster Willis G. Briggs, of Raleigh, president of the Association of North Carolina Postmasters, is notified by the Postmaster General that the department will be represented in the State convention to meet in Charlotte October 22nd, 23rd by E. H. Hathaway of the inspector's division and that Charles E. Trotter, of the division of salaries and fees, will attend and address the convention which will meet jointly with the State League of Fourth Class Postmasters when topics of mutual interest are considered.

Postmaster Briggs says the outlook is for an especially successful meeting this being the second annual session.

A bond for the release of Will Holmes and the woman, Mattie Strickland, who were here claiming to be married and were arrested on the charge of "jumping" board bills will probably be made within a day or two. William Strickland, father of the woman, has arrived and had a bond prepared which he has sent to Duplin county for signatures of bondsmen. The woman had carried into the jail a quantity of acids and an old saw with which some of the prisoners came near effecting a jail delivery, but it seems no charge is to be made against her for this.

Former United States Senator Marion Butler, his brother, George Butler, of Clinton, and Former Judge W. S. O'B. Robinson, of Goldsboro, spent the morning here presumably in conference regarding the suit Republican State Chairman Spencer B. Adams has instituted against Butler's paper, the Caucasian, for libel in charges made against Chairman Adams, in his connection with the Indian Territory Court of which Judge Adams was chief justice. Neither ex-Senator Butler or any of his associates would have anything to say for publication.

The remains of Miss Bernice Ellington, who died here yesterday, were carried to Clayton today for interment, the funeral services here being conducted by Dr. W. C. Tyree and Dr. R. T. Vann. Miss Ellington was a daughter of J. C. Ellington, who served for a long while as State librarian and died three years ago. She was a young woman of much popularity. She had been ill for several months.

THE RURAL SCHOOLS.

All Opening up Well—Census Shows Exodus to the Country.

Prof. Washington Catlett, county superintendent of public instruction, is completing a tour of inspection of all the public schools in the various districts of the county outside of Wilmington, the terms of which began on September 1st.

Prof. Catlett says that nearly all of the schools have opened up exceedingly well and that the work of the term is now well under way. He expects to get around to all the districts by the end of the week.

The census reports from the various districts are nearly all in, the exceptions being only three or four, and Prof. Catlett says that these reports show a substantial increase in the number of pupils of school age. From these reports he makes the very logical deduction that not all the people in New Hanover, at least, are flocking to the towns and cities. The exodus rather seems to be from the city to the country where the conditions, with good roads and rural mail, the surroundings are becoming more and more inviting.

A young man who has had experience in feeding platen presses and who will make himself generally useful in a job printing office, may secure employment by making immediate application at the Star office. References required. 2t**

RUMORED ATTEMPT TO SHOOT ROOSEVELT.

Some of the Northern papers of Tuesday contained special dispatches from Oyster Bay giving an account of what purports to be an attempt to assassinate President Roosevelt on last Saturday while he was taking a horseback ride near his home. On Monday, a man who is a crank or a lunatic, was arrested while entering the grounds for the purpose of enlisting the President in the cause of the yeggmen whom he claimed were being ruthlessly shot down by the police of Boston. The man carried a pistol and had a struggle with the two secret service men who arrested him. For several days Government secret service men have been working on the case, but so far have gained no information. Effort has been made to keep the matter secret.

Tuesday night's Associated Press dispatches stated that there was nothing in the report; that the hunting season had just opened and there was much shooting on Long Island.

The New York Times of Tuesday, in its Oyster Bay special on this subject contains this:

"On last Saturday the President and a companion were riding horseback along the Cove Road when, as they passed a clump of bushes, along the lonely roadside on the grounds of his cousin, W. Emlen Roosevelt, a bullet went over the President's head. The whizz was so distinct that the President reined in his horse, looked sharply about, and not seeing anyone or hearing any further noise, galloped home.

"The incident took place while the President was returning homeward from his ride and just before he reached his own grounds. At this point the road skirts a shore of the bay and plunges abruptly into a dense woods. The President reported the incident to the Secret Service men and Chief Wilkie hurried here yesterday from Washington. He consulted with his subordinates and the whole force started on a hunt after the man who fired the shot.

"The arrest today came about in this way: Chief James Sloan, of the Secret Service force here, was on duty at Sagamore Hill late this afternoon, with his assistant, Agent Adams, and saw a man with a Van Dyke beard trudging from the steep, gravelly road that winds from the entrance of the President's grounds to the house. The road is a long, winding one, and the entrance to the place cannot be seen from the station on the hill.

"The man was carrying a satchel and looking furtively to right and left. As it is against the rules to allow a pedestrian on the President's grounds, Sloan quickly advanced to the man, who appeared to be about 50 years old, and had wildly staring eyes.

"'What do you want?' asked Sloan, as the man got within a few feet of the Secret Service man.

"For answer the man's hand went quickly to his hip pocket. Adams by this time had come up, and before the stranger's hand got to his pocket both Secret Service men grabbed him. The man struggled violently, but the guards were too much for him and threw him to the ground. Sloan then took the revolver out of the man's pocket. Every chamber was loaded.

"'I want to see the President! let me get to the President!' the man shouted. 'It's an outrage for you to take my revolver from me. I have a right to carry it, as I am an officer.'

"When the guards had disarmed the man and allowed him to arise he took a soiled card out of his pocket and handed it to Sloan. On it was printed the name 'John Coughlin,' under it was the word 'Officer.'

"'Why do you want to see the President?' asked Sloan.

"'Because,' said the man with an oath. 'It's a shame the way the policemen have been shooting those yeggmen in Boston. I came here from Boston, where I have been investigating that shooting, and I know the police were persecuting those men. I want to see the President and put the whole matter before him, so you had better give me back my gun.'"

TAFT AND THE TRUSTS.

Evidently Taft has placed the powder trust in the list of Roosevelt's "good trusts" as he has made the head of that monopoly one of his chief advisers. DuPont's appointment to that posifion does not please the people—no more than does that of W. N. Cromwell, personal and legal representative of Harriman, the railroad magnate and monopolist. These two appointments show where Taft stands on the question of monopolies and trusts, say what he may on the subject in his speeches to the people. "Actions speak louder than words," is a true saying, and Taft's action in selecting these men as his advisers shows where he stands and what will be his attitude toward these big corporations and all others if he is elected. A recent Chicago dispatch says on this subject:

"Republican voters are apparently not taking kindly to the "Guardians of Reform," whom Mr. Taft has drafted from the big trusts and monopolies to compose his financial, executive and advisory committees, and who will conduct his campaign. The independent press of the country is practically unanimous in denouncing the appointment of Wm. Nelson Cromwell, the personal and legal representative of E. H. Harriman, and a conspicuous trust lawyer, as a member of the Republican executive and advisory committees. The selection of General T. Crieman DuPont, of the Powder Trust, as a member of the Republican National Committee, is also coming in for a share of this criticism. A public demand for the resignation of General DuPont as a member of the Republican National Executive Committee on the ground that his connection with an indicted trust unfits him for the position, is made by Alfred O. Crozier, of Wilmington, Del., a prominent lawyer and author."

THE PEOPLE'S CAMPAIGN FUND.

The News and Observer is justly proud of the fact that it was able, last week, to forward to Treasurer Haskell the sum of $1,000 raised by popular subscription to the Democratic National campaign fund. The Star does not expect to be able to raise that sum, because our people have been called on to contribute to an urgent case of home charity, and they have been most liberal in their contributions; but we are anxious to raise as large a sum as possible and we hope our Democratic friends in nearby towns and rural districts will come to our aid and concern themselves in the raising of local subscriptions and forward them to this paper. The campaign managers depend on the people to supply the funds for conducting the campaign and the Democrats of this section of the State should be willing to do their part in this matter which is of so much importance to them.

BIG MONEY FOR BASEBALL PLAYERS.

Baseball players are bringing high prices in the market just now. This is the flush season. The big clubs have been watching the players in the minor leagues and are now bidding for players for next season. On this subject a dispatch from Cincinnati says:

"The clubs of the two major leagues have paid out the astonishing sum of $168,100 for minor league players to try out for next season. Secretary Bruce of the National baseball commission, announced yesterday that $99,600 had been turned over to him to be paid to minor league club owners for drafted players.

"Of this sum $47,555 has already been forwarded to Secretary Farrell of the National Association, the remainder of it being held until the commission decides whether a number of drafts are to be allowed. He has also received $68,500 for players purchased and recalled under options, making a total of $168,100.

"As a number of the purchases were not made through the medium of the commission, the harvest reaped by the minor magnates will greatly exceed this amount."

There is a stir among Connecticut Republicans over the effort to nominate Congressman Lilley for Governor. A meeting of leading manufacturers was held Tuesday—the day before the convention—to protest against his nomination. The fact is there is hardly a State in which there is not dissention of more or less extent among the Republicans. Not since the formation of that party has there been so great strife and division among its members. It does look as if the Democrats could win this time.

LIBERAL CONTRIBUTION.

The Star acknowledges the receipt of a check for one hundred dollars accompanied with the following note:

"Wilmington, N. C., Sept. 9, 1908.
"Editor Morning Star:
"I enclose my check for $100.00 for the benefit of the flood sufferers.
"Yours truly,
"B. G. WORTH."

This liberal contribution comes from one of our most venerable and philanthropic citizens—a man universally loved for his exalted Christian virtues—and will carry cheer and comfort to many desolated homes. Verily, "He that giveth to the poor lendeth to the Lord."

The check has been turned over to the committee now busily engaged in soliciting contributions for our stricken neighbors.

The forty-two "stand-pat" Republican members of the Iowa Legislature who refused to unite with the other sixty-five members of their party in that body in the election of Governor Cummins as Senator say they will continue to refuse to vote for him, making a deadlock. These with the 45 Democratic members can prevent an election. If the standpatters hold out Iowa will be without a Senator until the next Legislature meets, for should the body adjourn without an election the Governor cannot make an appointment.

The Star congratulates the people of South Carolina on the result of the Senatorial primary of Tuesday in which Hon. E. D. Smith defeated John Gary Evans. Smith's election was overwhelming, he having carried nearly every county in the State.

CURRENT COMMENT.

—South Carolina has contributed over $1,000 so far to the Democratic campaign fund; the amount should reach $50,000. This year the party has a better chance of winning than ever was hers before. Our State will go solidly Democratic; hence, the only aid we can render the cause is by contributing money for the waging of an actual campaign in doubtful States.—Union Times.

—"Mr. Voter, suppose you had important private business interests to which you could not give your personal attention. Would you select Mr. Kitchin or Mr. Cox as the man best suited to look after such interests?"—Industrial News. The author of this query is the same man who a few weeks ago, after branding J. Elwood Cox as a liar and a man who would not fulfill his business obligations, handed out the following red-hot statement: "I do not mind in putting it in black and white that if Elwood Cox should be nominated for Governor, I would vote for Kitchin, for whereas, I have always regarded Kitchin as a good deal of an anarchist, I have always found him to be a gentleman in his relations with his fellowman."—Raleigh Times.

—Before he could break away, Governor Hughes was kissed by a local belle while shaking hands with his audience at Trumansburg, N. Y. The fair admirer, telling the Governor that he was "a dear man" and she "just loved" him, suddenly lunged forward and smacked his on the lips. Mr. Bryan has had more than one narrow escape from would-be kissers, and they will probably get him yet. The extent of his peril may be inferred from the fact that even Governor Hughes' formidable whiskers served as no deterrent to aggression. Will the time soon come when public men of even remotely kissable aspect must keep their wives at their elbows for defense? It begins to look not a little that way.—Charlotte Observer.

—We are in receipt of the "Greater Nashville" edition of the Nashville Globe, owned, edited and published by negroes. The copy before us is a highly creditable publication and gives unmistakable evidence of the progress the negroes have made in education and in industrial pursuits. It consists of 24 pages of well-prepared matter—editorial, local, miscellaneous and advertising—and which betokens enterprise and industry, as well as intelligence and skill on the part of editors and publishers. We are told in the "business announcement" that the "matter of this great edition was written by negroes, the type matter was set by negro linotype operators, the 'proofs' were read by negro proofreaders, the 'ads' set and the 'forms' 'imposed' by negro compositors, the presswork by negro pressmen on presses owned, controlled and operated by a negro institution, the folding and gathering by negroes, the mailing by the Globe force, which, as everyone knows, is composed exclusively of negroes; in fact, it is a negro production from beginning to end and will stand as a record-breaker for race productions."—Chattanooga Times.

—"Break not, O woman's heart; but still endure," written to Queen Victoria upon the death of her royal consort, might even more appropriately have been written to the greatly afflicted Empress of the French. Ever since Sedan, the beautiful and exquisite Eugenie has lived an exile in England. Her fate, in ancient times, or even in the days of chivalry, would have been the subject of some great poem, her sufferings would have inspired a dozen singers. But we take even such high and moving tragedies as that of the beautiful Spanish girl, wedded to misfortune and blighted ambitions and immeasurable sorrow, with the nonchalance that is the flower of our too sophisticated life. Only when a little incident that finds its way into the papers, like the recent visit of King Alfonso of Spain to the imperial exile in her retreat amid the quiet fields of Kent, do we pause to recall that such a character is still upon our earthly stage, still enacting, though in a silent, almost stirless way, her role of dignity and beneficence and grief. Eugenie, for years the arbitress of fashion for the whole world, the most beautiful woman in the world—or at least so acclaimed—is now a little past her 82nd anniversary, as she was born in May, 1826. That is a very advanced age for any one, and for one that has suffered as she has, experienced so many vicissitudes of fortune, witnessed so often the blasting of her dearest hopes, felt so often the loss of her dearest beloved, the fortitude and patience and philosophy that can endure so long is marvelous. The young King of Spain very naturally visits his countrywoman, for the home of Eugenie is almost a shrine to thousands of Spaniards.—Columbia State.

I'M OFF TO COLLEGE.

I'm off to college, mother, I
Must pack my trunk, and say goodbye!
I hear afar the bugle blast:
"Awake, awake, the night is past!"
And loud it calls, and calls again;
"Men are wanted! Wanted: Men!"
I love you, mother, this you know,
But duty calls, and I must go.

O cry not, mother, dry your eyes,—
Success is built on sacrifice!
I hear the bugle blast afar:
"O fix your eyes upon the star!"
And loud it calls, and calls again;
"Men are wanted! Wanted: Men!"
I love you, mother, this you know,
But duty calls, and I must go.

I shall return, sweet mother dear,
So cease your sighing, be of cheer!
But far away the bugle winds:
"Wanted; Men of master minds!"
And loud it calls, and calls again:
"Men are wanted! Wanted: Men!"
I love you, mother, this you know,
But duty calls, and I must go.

I'm off to college, mother dear,
O cease your crying, dry that tear!
Far, far away the bugle calls:
"Men must tread the Congress halls!"
And loud it calls, and calls again:
"Men are wanted! Wanted: Men!"
I love you, mother, this you know,
But duty calls, and I must go.

—New York, Sept. 8.—By carrying eighteen of the twenty-three assembly districts of Brooklyn, Senator Patrick H. McCarren today maintained his political control in King's county, only four of the seven revolting districts returning anti-McCarren leaders. William E. Meldey in the fourth assembly district; William R. McGuire, in the sixth and William A. Doyle, or the ninth, failed in their effort to dethrone the pro-McCarren leaders. In the twenty-third, tenth, eleventh and twenty-second districts the insurgents were successful. This, however, will not affect the situation and leaves McCarren in control of the Democratic county committee.

THE ROAD BOND ISSUE

The Proposition Discussed and Present Status Given by a Taxpayer.

Wilmington, N. C., Sept. 9.

Editor Star:

I had looked closely for Chairman McEachern to say something for so long a time that I had about concluded that he thought his bond issue would carry safely without his having a word to say concerning the matter, and was therefore surprised to see in your paper of Tuesday that he had consented to make an explanation to the voters.

His speaking at this late juncture causes me to surmise that he now thinks that the registration of Saturday and Monday has not been altogether satisfactory to himself and friends.

His figures go to show that he has built thirty one (31) miles of road in the country at a cost of three thousand and eighty dollars ($3,080) per mile.

He shows that the roads built in Cape Fear and other sections of the country have greatly enhanced the value of property in the county, some of it as much as one hundred and fifty nine (159) per cent (more than two and one half times its original value). This is indeed very gratifying and is what the voters expected when casting their ballots in favor of the bond issues in 1902 and 1905, and if the Chairman could have stopped at this juncture would doubtless been exceedingly happy, but he goes on and tells us that while these great prosperous times were going on in the country that dear old Wilmington had almost been on a stand still, only forty three (43) per cent gain, while property in Cape Fear township had been augmented nearly three fold.

I again must get back to the old subject, and say that if good roads will advance property two and one half times in Cape Fear township that we ought to have some of this improvement on our sandy streets throughout our town.

Wilmington has paid, or is to pay, eighty-five (85) per cent of the expense of building the roads that have enhanced the value of property in Cape Fear township. In all reason of fairness why build another foot of road in the county until we have done some work at home?

If I understand it, the roads are built up to the Pender County line at Castle Haynes ferry, they are built up to the Pender line at Scott's Hill, they are built up to Pembroke Jones' park and the Atlantic Ocean at Wrightsville and are built up to the Atlantic Ocean at Masonboro.

The Chairman does not tell us in his communication where there are any more roads to be built. The writer does not know of anything to be done with the Fifty Thousand Bond Money, unless we annex some township from Pender.

Referring to Mr. McEachern's claim of building the roads at three thousand and eighty dollars ($3,080) per mile, he should have told us in his communication—where his thirty-one (31) miles of road was located, that is, how many miles on each branch of road. He ought to have told us what the grading cost. He ought have told us what the labor cost? He ought have told us what was paid for superintendents. He should have told us what was paid for stone. In fact he might have made some votes for the bond issue by giving an itemized statement of the expenditure of the one hundred thousand dollars ($100,000) bonds in full. The voters and taxpayers of the county are entitled to such information.

I figure that only twenty-eight (28) miles of road have been built since the first bond issue. I know that part of the Castle Haynes road was built prior to that time. I think four (4) miles had been built, which only leaves five (5) miles built out of the bond money. It is twelve miles from Market Dock to Scott's Hill, that only permits eleven miles road between Seventeenth and Market and Scott's Hill. It is eight miles from Seventeenth and Market streets to Wrightsville, and I understand that about four miles has been built to Masonboro.

The Commissioners sold bonds	$100,000 00
They have used convict labor exclusively, or about exclusively. I have been advised that they have used sixty to one hundred convicts per day an average of probably seventy-five per day for six years. If they are worth seventy-five cents per day it would amount to	$101,250 00
	$201,250 00
Deduct assets claimed by Chairman McEachern ...	$ 18,000 00
	$183,250 00

Eqiuvalent to more than sixty-five hundred dollars ($6500) per mile. I recollect seeing in the papers some time, probably a year or two ago, where an amount, I think, fourteen thousand dollars ($14,000) had been transferred from some department to roads account. Bring this item in and it would make the roads over seven thousand dollars ($7,000) per mile.

JOINT MEETING SOON

Knights of Pythias Will Send Delegates to Greensboro.

For the purpose of formulating plans to send a delegation from the four local lodges of Knights of Pythias to be present on Wednesday of the "Home Coming" week, in Greensboro, there will be a joint meeting soon, at which all necessary arrangements will be made. The celebration in Greensboro will commence October 12th, and Wednesday of that week has been given over to the Pythians. An appropriation by the Grand Lodge will make the event to be one of importance. It is probable that there will be three representatives from each of the local lodges, who will participate in the Pythian parade, which has been arranged for that day. Efforts are being made throughout the State to obtain a strong representation from all Pythian lodges and to have for initiation a class of 200 at this celebration. More definite announcement in regard to the local representatives will be given following the joint session. At a meeting of Clarendon Lodge No. 2 last night the proposed plans for the joint meeting were announced and discussed at some length.

DOING BIG BUSINESS.

French Cameraphone Still Jamming Them at the Crystal Palace.

The Cameraphone is still drawing crowds to the Crystal Palace and already there is a demand that the wonderful French machine, that is proving so pleasing and popular, be exhibited all next week at the attractive little vaudeville theatre on North Second street. Yesterday a new bill went on and was said to be really better than the previous one. The pictures were fine and the talking part, as ever, was a big feature. The attendance last night was immense and each audience went away highly praising the exhibitions.

The matinee performances are also proving very popular and the children are attending by the score. The afternoon performances start at 4 o'clock, while at night the first exhibition begins at 7:30 o'clock. The admission is 10 cents for adults and five cents for children, afternoon only.

WITH JAMES M. HALL

Mr. James C. Munds Will be With Popular Castle Street Pharmacy.

Mr. James C. Munds, until recently proprietor of the Temple Pharmacy and who sold out his interests there to devote more of his time to extensive Grand Lodge Masonic matters, has just formed a pleasant connection with the progressive pharmacy of James M. Hall, on Castle street. Having grown up in the business and finding that his Masonic interests would require only his mornings, he has decided to give his afternoons to a "return to his first love" and will hereafter be found at the drug store of Mr. Hall, where he will be pleased with his wide experience and extensive knowledge of pharmacy to serve his friends and the general public.

A Pleasing Entertainment.

The porch party given at the residence of Mrs. G. A. Croft, on Wrightsville Sound, Tuesday evening, was a delightful affair in every respect and gave much pleasure to between two and three hundred young people who were present. The broad verandas and ample grounds of the beautiful country home of Mrs. Croft were resplendent in a beautiful decoration of Japanese lanterns and other Oriental ideas, the building and grounds having presented a picture of rare beauty and animation. During the evening there were a number of selections of music, reading, etc., and dainty refreshments were served. The entertainment was for the benefit of the church and a very tidy sum was realized, those in attendance voting Mrs. Croft an altogether charming hostess.

White Man Sent to Roads.

The only case of more than passing interest in the police court yesterday was that of Harry Barnes, a white man who until a day or two ago was employed on the street force. He was charged with an aggravated case of drunkenness, disorderly conduct and abusing an officer, the Mayor sentencing him to the roads for 30 days in each of the two offences. When sentence was passed the wife of the defendant created a scene in the court room by crying out in her apparent anguish, though strange to say only the day before she was before the authorities asking that her husband be indicted. Sarah Hollingsworth, an old colored woman arrested for the larceny of three bags of cotton, was sent to the higher court under bond of $25.

Held Under Suspicion.

Policeman R. L. Rouse yesterday afternoon arrested John McMillan, a colored man who laid claim to a pistol at police headquarters, the aforesaid weapon having been found on a negro carried to the hall a few nights ago by a gentleman, the negro having escaped by jumping out of a window at the station while the case was being discussed. McMillan claims that he was robbed by the negro who escaped, not only of the pistol but of $40 from a small saving bank which he exhibited. He told so many conflicting stories in his effort to get possession of the pistol that it was decided to lock him up for developments.

Receivership Dissolved.

Sitting in chambers at Whiteville this week, Judge J. Crawford Biggs, holding Superior Court there, dissolved the receivership recently placed upon the Little River Telephone Company. Evidence was adduced to show that the corporation was perfectly solvent and the affairs of the company were again placed in the hands of the officers and directors of the concern.

Installing Large Vault.

On account of increasing business and the desire of the management to provide for their clients ample safety deposit box service, a new and larger vault of the armor plate type is being installed at the Murchison National Bank. It will be one of the largest and most complete in the State.

LINDER TRIAL AT UNION

Physician Who Killed Negress Answers to Murder Charge.

(By Wire to the Morning Star.)

Union, S. C., Sept. 9.—The trial of Dr. W. L. Linder, a physician of this city, who last November shot and killed a negress named Lucy Lipsey, who had in the previous March made an attempt on his life, was begun today. For a while his life was despaired of but he recovered. At her trial the woman pleaded insanity. She was found guilty and sentenced to two years in the penitentiary. She appealed to the Supreme Court and while the case was pending she was shot by Dr. Linder. The evidence today tended to show that Dr. Linder shot the woman in self defense. The case will probably go to the jury tomorrow.

PACIFIC COAST STATES

Vigorous Democratic Campaign to be Waged There—Bryan to Visit That Section—Change of His Dates Made.

(By Wire to The Morning Star.)

Chicago, Sept. 9.—With the object of perfecting an organization and developing plans for an aggressive campaign in the Pacific Coast States, a meeting of the National committeemen and State chairmen of California, Oregon and Washington has been called by National Chairman Mack to meet in Portland, Ore., on September 16th. The call was issued today, following a conference of Mr. Mack and National Committeeman M. A. Miller, of Oregon. Mr. Mack is convinced from the reports which were made at the the National committee meeting yesterday, that there is an excellent chance of bringing the Pacific Coast States into the Democratic column if a fight is made.

Vice Presidential Candidate John W. Kern is expected to make several speeches west of the Rocky Mountains and Senator Gore, of Oklahoma, and Theodore A. Bell, who was the permanent chairman of the Denver convention, will also make speeches in the far western territory.

While no definite announcement has been made at headquarters, it is generally believed by the National committeemen here that the latter part of October will find Mr. Bryan campaigning along the Pacific.

National Committeeman Miller said today after his conference with Mr. Mack:

"Conditions are highly favorable to the Democracy in the Pacific Coast States, and I believe Mr. Bryan will get relatively a large percentage of the Republican vote in those States than in any others of like population in the country."

Chairman Mack announced tonight that Mr. Bryan's plan in the East had undergone a change and that instead of speaking in Wilmington, Del., on September 15th he would speak that day in Jersey City and in Wilmington on September 17th.

Mr. Bryan's date for New York city has been also changed from September 17th to September 18th.

Senator Culberson, chairman of the advisory committee, left today for New York to take up his work in the eastern headquarters. He said before his departure that he believed the sentiment of the country is decidedly with the Democracy and that the fight from now on is to maintain and hold this advantage.

State Senator Thomas F. Grady, of New York city, was a visitor at headquarters tonight and told the National committeemen that Norman E. Mack was the strongest man the Democrats could nominate for Governor in the Empire State. Senator Grady is now en route home after a two months trip in the West, where he said the sentiment for Mr. Bryan was very strong.

"HUGHES TEST" APPLIED.

Experiment in New York to Show Sentiment For Governor.

New York, Sept. 8.—Results of the application of the "Hughes test" in 13 of the assembly districts of New York and Kings county in the primary elections today, were decidedly interesting and decidedly contradictory. According to figures obtainable tonight six of the New York districts cast majorities for the renomination of Governor Hughes and three against. All of the three Kings county districts cast decisive majorities against his renomination. The Kings county totals showed a net vote of more than two to one against the Governor. All kinds of inferences were drawn tonight from the figures by advocates and opponents of the Governor's renomination. Chairman Timothy L. Woodruff, of the Republican State committee, declined to make any comment at all tonight. Representative Herbert Parson, chairman of the Republican county committee, who received reports from the districts, said tonight:

"The vote shows that there is a strong Hughes sentiment among certain elements that vote the Republican ticket, and among others a bitter opposition to him, the opposition being in the foreign-born and tenement house districts.

"In the districts that Governor Hughes carried, the delegates to the convention will, of course, be for his renomination."

Mr. Parsons figured that Governor Hughes will have 73 delegates out of 187 in Manhattan and the Bronx. The district of Manhattan selected for the "Hughes test" represented a great variety of political and National complexion, and the results were as varied as is shown by the figures:

2nd—Republican, largely Jewish, for Hughes 60, against 390.

6th—Republican, almost solidly Jewish, for 315, against 267.

9th—Mixed population, for 192, against 630.

18th—Mixed population, for 168, against 316.

19th—Largely native born and strongly Republican, for 621, against 218.

25th—Strong Republican, for 755, against 583.

26th—Heavy middle-class Jewish population, for 494, against 410.

30th—Mixed population, for 686, against 392.

35th—Far up-town, Democratic, for 547, against 354.

The districts in Kings county selected for the test are all Democratic and the results reported are as follows:

8th—Heavily Democratic, for 103, against 576.

9th—Predominantly German, for 242, against 303.

21st—Predominantly German, for 159, against 621.

23rd—Predominantly Jewish, for 451, against 599.

The "Hughes test" overshadowed in general interest the several leadership fights, which were of a local character.

MR. BRYAN IN THE WEST

Makes Three Speeches in Peoria—An Immense Crowd to Hear Him. Begins Tour of East—Goes to West Virginia.

(By Wire to The Morning Star.)

Peoria, Ill., Sept. 9.—Democracy's leader, William Jennings Bryan, was the man of the hour in Peoria today. From the moment he set foot in the city at noon until his departure tonight for Evansville, Ind., he was accorded a series of demonstrations which breathed sincerity and admiration. Within ten minutes after his arrival he was addressing a vast throng in front of the hotel, the crowd insisting that he give them a talk. He took for his text the more striking passages of his labor day address in Chicago and dwelt at some length on the right of trial by jury in cases of indirect contempt. During the afternoon and evening he made three other speeches, the principal one at the Coliseum which was filled to its capacity and which necessitated an overflow address in Court House Square. His set speech was on "The State and Nation," in which he declared in favor of State rights and was received with vociferous applause and every manifestation of approval.

When he had finished his prepared speech he launched into a discussion of the various issues of the campaign and reiterated his charge that Mr. Taft was not satisfied with the Republican platform and had been compelled to amend it in many particulars.

When the train pulled out of the depot tonight the actual invasion of the East by the Democratic candidate was begun. From this point until the trip is concluded, September 29th at Lincoln, Mr. Bryan will travel in a private car. Accompanying him are former Governor W. S. Jennings, of Florida; Robert S. Rose, secretary; four newspaper men and A. E. Manning, who will look after the comfort of the party. Governor Jennings will have the complete management of the car.

While in West Virginia and Maryland Mr. Bryan will seize the opportunity to confer with the Democratic chairmen of those States, the meetings having been arranged by John W. Tomlinson, of Alabama, head of the organization bureau who will be represented by Governor Jennings and will give several talks on organization work.

CONTEMPT CASE POSTPONED

Proceedings Against Labor Officials Delayed For Two Weeks.

(By Wire to the Morning Star.)

Washington, Sept. 9.—The legal proceedings against President Samuel Gompers, Secretary Frank Morrison and John Mitchell, of the American Federation of Labor in which they were charged with contempt of the Supreme Court of the District of Columbia on account of acts and utterances apropos of the judgment of that court directing them to cease publishing the name of the Buck Stove and Range Company in their "We don't patronize" list, were virtually postponed for two weeks after a brief hearing today. Justice Gould, of the Supreme Court, presided.

It was stated on behalf of the company, however, that it would be necessary to examine witnesses as to the issues made by the petition and the answers, and Justice Gould saying that he saw no necessity for great haste and urging the desirability of affording both sides a full opportunity to be heard, granted the request.

INDICTED FOR ARSON

Glass Company Employes Alleged to Have Caused Three October Fires.

(By Wire to the Morning Star.)

New Orleans, La., Sept. 9.—Julius Lipps, manager; Abe Wolf, secretary and treasurer of the Central Glass Company, of New Orleans, and John Eckert, an employe of that company were tonight indicted by the grand jury on the charge of arson in connection with a fire which about ten days ago burned over a portion of three blocks in the business section of New Orleans, causing a loss of $1,500,000. The fire originated in the building occupied by the Central Glass Company.

WARM WIRELETS.

Before an audience of between 400 and 500 last night in Odd Fellows hall, at Norfolk, Va., Thomas L. Hisgen, Independence party for president of the United States attacked both the Republican and Democratic party platforms and their National leaders.

The deadlock continued yesterday as to the election of United States Senator for Iowa. After one ballot the joint assembly adjourned until noon Thursday. The vote: Cummins 66; Porter, Democrat, 46; scattering 43. Cummins gained two votes over Tuesday. Representatives Holmes and Wilson (progressives), who were absent yesterday, were present today and cast their votes for Cummins.

"Dr. Frederick Rustin came to his death by a pistol shot fired by a person unknown," was the verdict of the coroner's jury in Omaha, yesterday. The jury recommends that Charles E. Davis, who was yesterday implicated by Mrs. Abbie C. Rice, be held and that his conduct on the night of September 1st be thoroughly investigated. Davis was taken into custody and later released on a bond signed by his brother.

The oldest bishop in the African Methodist Episcopal church, Zion, J. W. Hood, of Fayetteville, N. C., issued a statement at the Republican National headquarters in New York yesterday in which he advised colored voters to stand by the Republican National ticket at the coming election. This position is taken in opposition to Bishop Walters, of the same church who is championing the cause of Bryan and Kern.

SOUTH CAROLINA PRIMARY.

(By Wire to the Morning Star.)

Columbia, S. C., Sept. 9.—Out of a total vote of nearly 100,000 thus far reported to The State in the second Democratic primary, E. D. Smith's majority for United States Senator over ex-Governor John Gary Evans is more than 27,000 votes.

In the contest for Railroad Commissioner, Caughman has a lead over Cansler of 404 votes

In the Fifth Congressional District D. E. Finley, incumbent, has defeated his opponent, T. B. Butler.

Too Many Trombones.

The following anecdote concerning Donizetti and the score of Rossini's "Otello" is told by the Musical World. Donizetti had asked Sigismondi, the director of the Naples Conservatorio, to look over the score with him, and the two sat down at a table with the work in front of them. Presently Sigismondi began to rave about its "monstrous orchestration." Terrible was his indignation when he found that clarinets, bassoons and trombones had been employed in one place to swell a crescendo, but when the fortissimo was reached he uttered a cry of despair, struck the score violently with his fist, upset the table and rushed from the room, exclaiming: "A hundred and twenty-three trombones! A hundred and twenty-three trombones!" Donizetti in vain tried to call him back, shouting after him, "Not 123 trombones, but first, second and third trombones." Sigismondi would not listen and when last seen was still repeating, "A hundred and twenty-three trombones!"

The Pain of It.

"I wouldn't have minded being whipped so much," said the young culprit, "if the teacher hadn't said that my punishment hurt him more than it did me."

"That oughtn't to make you feel any worse."

"Well, it did. What he punished me for was telling stories."

Barred Out.

"Don't you feel well?" asked a friend.

"Not very," answered Mr. Cumrox.

"Why don't you go home?"

"I can't. Mother and the girls are giving a tea, and I'm not invited."—Washington Star.

Misery may love company, but it doesn't entertain its company very well.

SPIRITS TURPENTINE

—Greenville Reflector: Henry Cherry, a colored man who was ferrying people across the river in a canoe fell overboard Friday and came near being drowned. He had a narrow escape, and but for assistance being near it would have been the last of him.

—Kinston Free Press: Large searching parties were at work all day Sunday, endeavoring to locate the body of Mr. O. W. Patterson. A party went down to the scene of the drowning and dynamited about the place where the body was last seen, in the hope of causing it to rise to the surface. A systematic search has been conducted ever since the accident along the shores and in the sloughs, but all efforts have passed futile.

—Greensboro Record: Incomplete returns from Guilford county Democratic primary held on Saturday indicate that an unusually small vote was polled, it being estimated that not over 1,200 Democrats voted at all of the twenty-seven precincts in the county. In the election four years ago Governor Glenn received 2,673 votes, or more than twice as many as were polled in Saturday's primary. The constant rain all day Saturday was responsible for the small vote.

—Detroit, Mich., Sept. 8.—The Supreme Court may be called upon to decided who the Republican nominee for Governor is. The returns from 65 counties give Governor Warner a plurality over Dr. J. B. Bradley of 391 out of a total of 200,000. The Warner people openly charge illegel voting and use of money in big cities. The Bradley party claim that in the backwoods counties more votes were given Warner than were cast in the last Presidential election

—Fayetteville Observer: Today the celebrated case of the Croatans of Carver's Creek township, in which they asked for a separate school for themselves, alleging that they are Croatan Indians and not negroes, was to have come up before the Board of Education for disposition. Just before the Board met, the Chairman of the Board received a notice from the contestants that they had withdrawn from the contest.

—Greenville Reflector: Yesterday an excursion train came to Newbern from Farmville, N. C., for a day's outing. Among the passengers one Louis Green was arrested for drunkenness. On being questioned very closely he coughed up the evidence where he bought the booze. On the information received officers made a search of the excursion train. From the evidence they had gained and conditions found in one of the cars was sufficient for the arrest of three men for the sale of blind tiger booze.

—Winston Sentinel: Sales of leaf tobacco on the Winston market for the 1907 crop amounted to 17,484,742 pounds, which brought $1,883,489.56, an average of $10.76. Compared with the 1906 crop this shows a gain in pounds of 2,007,497, about 13 per cent., and in dollars of $593,380 51, slightly in excess of 45 per cent the average price being $2.43 higher. The January average was the highest, $11.92, and September average $8.27, the lowest.

—Wilson, N. C., Sept. 8.—George W. Whitley, who was convicted as one of the conspirators, who murdered Percy L. Jones in 1903, and who served a ten months' sentence in the State penitentiary, was today restored to full citizenship. The following gentlemen appeared before Judge W. R. Allen today and stated that for the past two years Mr. Whitley has been living an upright life: Hon. John E. Woodard, W. A. Lucas, S. G. Mewborn, Sheriff W. D. P. Sharp and Geo. Mumford.

—Charlotte Observer: At a conference of leading members of the Prohibition party in North Carolina held in Greensboro Tuesday afternoon it was decided not to nominate a State ticket, leaving the members of the party free to vote for the candidates of their choice. In view of the fact that neither Bryan nor Taft is a prohibitionist, the conference agreed that consistent prohibitionists cannot vote for either. An electoral ticket will be named later. Professor F. S. Blair, of Guilford College, was selected as the candidate for Congress.

—Hamlet, N. C., Sept. 8—W. A. Mellon, car inspector for the Seaboard Air Line, wag run over and instantly killed here tonight by train No. 44. No one seems able to state the exact manner in which he met his death, but it is supposed that the was on the front platform of the rear car when the train started to pull out, and slipped and fell under the car. Mr. Mellon was a young man, twenty-five years old, and leaves a father and mother who live near Blewitt Falls, N. C.

—Durham, Sept. 8.—B. T. Chandler, aged 64 years, died today at Watts Hospital where he went five weeks ago for treatment for typhoid fever. His death marks the end of five within six months. Beginning March 10th, he lost a son, and later another son; July 23rd his wife and another son and today the head of the family went as all the others went by fever. The malignancy of the disease confounds medical men. All were exceptionally well treated. The disease has left untouched three sisters but visited all the brothers. Two brothers are now recovering.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Sept. 9—The cotton market was more active and firmer today with the close steady at a net advance of 7 to 17 points. The market opened steady at an advance of 2 to 13 points in response to better cables than expected but after some further slight gain in covering, eased off as a result of realizing by recent buyers and a renewal of bear pressure which had the encouragement of a favorable weather report. The decline carried the active months off to a net loss of 3 to 5 points but offerings were not heavy at the lowest level and toward midday the market became much firmer and more active, with one of the local houses that had been very prominent on the bear side during the recent decline, an aggressive buyer. The advance was encouraged by reports of an imporvement in trade contracts, rumors that German and French spinners were covering in Liverpool and further reports of steadier markets in the interior of the South. October shorts showed considerable nervousness, covering on a scale up and at one time during the afternoon October sold at 8.23 or 22 points net higher while later positions were 14 to 15 points higher. The close was off from the best under realizing. Southern spot markets officially reported were generally firmer.

Private advices reported that the interior markets were from 1-8 to 1-4 higher.

Receipts at the ports today were 21,491 bales, against 10,077 last week and 13,544 last year; for the week 110,000, against 79,332 last week and 99,130 last year. Today's receipts at New Orleans were 1,850 bales, against 1,050 last year and at Houston 7,624 bales against 4,691 last year.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Sept. 9.—The primary cotton goods market was active at low prices today. Cotton yarns are being purchased more freely at lower prices. There is a large and steady demand for silk messalins and piece dyed satins. Knit goods and hosiery still remain very quiet although the demand for spot goods is fairly strong.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Sept. 9.—An unusual thing about the current upward movement in prices in the stock market is the freedom with which admissions are heard of the part played in it by professionalism.

Admissions to this effect are common to most of the market letters and advices sent out by commission houses to their clients. A small combination of very wealthy capitalists is given credit for the summer rise in prices and there is no disguise in the belief in the large part played by manipulation in the advance. There was as little news as usual lately to explain the upward movements of stocks today. The Western Union statement of earnings for the September quarter had some effect on sentiment with its transformation of a deficit last year of $1,961,581 into a surplus this year of $769,148.

The day's crop news did not quiet the feeling of anxiety over the corn crop. The day's changes in the money market were not perceptible in the quotations. The rise in discounts in foreign exchange here has revived discussion of the possibility of gold exports again. The requirement is supposed to be for large forthcoming government loans abroad. There was a small transfer of currency to New Orleans and other indications of a rise in the tide of the currency movement towards the interior. Sales to realize profits had some slight effect in reducing the day's extreme advances.

Bonds were firm. Total sales, par value, were $4,896,000. United States bonds were unchanged on call. Total sales today were 801,100 shares.

WRIGHT AEROPLANE COMPLETE SUCCESS

The Inventor Makes Three Successful Flights With His Machine.

IN THE AIR OVER AN HOUR

The Machine Managed With Perfect N Ease—Government Requirements Complied With—Army Officer Taken on a Sail.

(By Wire to the Morning Star.)

Washington, Sept. 9.—Orville Wright in three phenomenal flights at Fort Myer today established new aeroplane records that not only assure the success of the official trials before the army board but indicate that arial flight is now only a matter of development.

Two fights of approximately one hour each, another fight in which two men were whirled through the air for upward of six minutes were the achievements of the Wright Brothers aeroplane today. The first flight made this morning, in which the machine circled the drill grounds at the fort 57 times in 57 minutes and 31 seconds, was surpassed this evening when a flight of 62 minutes and 15 seconds was made.

Not satisfied with breaking all distance and time records for a heavier-than-air flying machine, Mr. Wright took Lieutenant Frank P. Lahm, the aeronaut of the signal corps, for a spin around the drill grounds and making a new record for a two man flight. Among the spectators were members of the cabinet and high officers of the army and navy.

The morning flight was witnessed by only a handful of enthusiastic friends, but fully a thousand people gathered to see the afternoon event.

At 5:16 as the sun was disappearing below the Virginia horizon the aeroplane rose grandly into space and sailed over the greensward of the drill grounds. Higher and higher it rose turned at a slight angle as the aviator brought it around at the far side of the field and along at increasing speed. There was hardly a quiver of the aeroplane in the first few rounds of the field. Round after round the machine traveled on, cutting short turns and shooting along the stretches. The aviator paid little heed to the crowd below until, having broken the record of 57 minutes and 31 seconds established by him this morning the crowd raised a cheer that told him of his new achievement. Then Mr. Wright waved his acknowledgements.

Before the flight a watch was tied to the seat next to Mr. Wright and when he say that he had stayed aloft for over an hour, the time required in order for him to fulfill his contract with the Government, he made for "Mother Earth." Swooping down in a sort of "bump-the-bumps" fashion, the machine bore down in the direction of the crowd which quickly scattered.

Raising a cloud of dust as it slid along on the skids, the aeroplane which weighs nearly a thousand pounds, came to a stop within twenty feet of the crowd.

As Mr. Wright stepped from the seat and removed his goggles, he was greeted with lusty cheers.

Turning to Lieutenant Lahm, one of the leading aeronauts of the army, Mr. Wright said: "How would you like to go up with me?" It was an invitation that needed no repetition. With the two men, Mr. Wright and Lieutenant Lahm in their places, the start was made at 6:42, the machine apparently rising from the ground as easily with its increased burden as it had with only the inventor aboard.

As the ship completed the first round the motor "skipped" on one cylinder, but on the succeeding five trips there was no evidence that the engine was overtaxed by the great strain imposed upon it. After the sixth lap a beautiful landing wah made within 100 feet of the "aerial garage" where the machine is sheltered from elements.

Mr. Wright, as usual displayed no emotion, but Lieutenant Lahm was mast enthusiastic.

Joseph G. Cannon and Lester Shaw Made Stirring Speeches.

(By Wire to the Morning Star.)

Springfield, Ill., Sept. 9.—With two National figures in American politics present, Joseph G. Cannon and Leslie M. Shaw,, both leaders in the councils of the Republican party, the Republicans of Illinois met in State convention today. Both made stirring speeches and were vigorously cheered.

It was the first Republican State convention under the new primary law. The selection of four trustees for the University of Illinois, the naming of Presidential electors at large, and the adoption of a platform was the business transacted.

The gathering was more on the order of the opening of the State campaign and an effort was made to harmonize all differences resulting from the recent primary election.

Speaker Cannon as chairman of the convention made a speech in which he attacked the record of the Democratic party. He called attention to the action of the St. Louis convention of 1904 in denouncing the Panama canal legislation.

The question of local option or personal liberty is not mentioned in the platform, the committee on resolutions deciding that the best way to treat these two questions was to ignore them.

NELSON MAKES CHAMPION FIGHT

Sustained His Claim By Defeating Joe Gans in 21-Round Battle.

GAN'S CAREER AT AN END

Has Made Last Fight—Nelson Had Opponent at His Mercy After Ninth Round—Statement Made by Referee.

(By Wire to The Morning Star.)

San Francisco, Sept. 9.—Battling Nelson clinched his claim to the lightweight pugilistic championship by defeating Joe Gans for the second time at Colma Arena this afternoon. The fight ended in the 21st round, when Gans, beaten down by a succession of blows from his sturdy conqueror, failed to get upon his feet within the count of ten.

The veteran fighter was severely punished but the champion too bore the marks of battle. From the first clang of the gong to the last moment Nelson forced the fighting never giving ground and gradually battered down his older and less vigorous opponent. Gans succumbed after being unmercifully punished. Nelson in the final round rained right and left blows to the jaw and body and Gans sank to the floor. Mechanically the now-defeated fighter watched Referee Eddie Smith wave his hands apparently too far gone to hear him count. Not until the count of ten was finished did Gans, ashen pale, his face terribly cut and his eyes glassy, attempt to rise. He realized, however, that it was too late and feebly declared: "I have positively fought my last battle."

The fight was spectacular and at no time did it appear that Gans had a chance to win. Time and again he would shoot wicked punches at Nelson's face and body but the latter never for an instant wavered. Failing to arrest the rushing champion at any stage, Gans seemed to lose heart and gradually weakened, though he often rallied and fought back fiercely.

Referee Smith, after the fight, gave out the following statement:

"Gans was all in after the ninth round. In the 21st both the timekeeper and myself counted ten, the referee making Nelson the winner. Gans, I believe, did not know he was counted out, but it is just as well that he was, for Nelson had him completely at his mercy and it was useless for the game colored man to take a further beating."

When Gans was seen in his dressing room his face presented a terrible picture. His right eye was closed the left partially so, his lips and nose were badly lacerated and his face was puffed out like an inflated balloon. He gave out the following statement:

"I made one fight too many. Nelson is a tough boy and beat me fairly. I will never fight again. This is no patti farewell but in dead earnest."

Willie Keefe, one of Gans' principal seconds, said after the fight:

"Gans was all in after the ninth round. In the eleventh I begged him to allow me to toss the sponge into the ring. This he would not allow me to do, saying he preferred to be knocked out and would fight as long as he had the strength to stand up. For eleven rounds Gans fought on his courage alone as he could not land a damaging punch."

Nelson said: "Gans was tougher than before. He was in good shape and he fought me a different kind of a fight. From now on I will never fight a colored man again. I shook hands with Billy Papke today and we both made the compact.

"I hurt my right hand in the second round but kept it going regardless of the pain."

COMMITTEE CHOSE SWISHER FACTION

West Virginia Fight Between Republican Forces Cleared up Yesterday.

HITCHCOCK APPROVES ACTION

Convention Presided Over by Congressman Gaines Recognized as Regular—Report of the Committee.

(By Wire to the Morning Star.)

New York, Sept. 9.—The involved political situation in West Virginia where the factions, led respectively by Arnold Scherr, now serving a second term as auditor, and Charles R. Swisher, Secretary of State, each claiming recognition as the only regular and authorized representative of the regular Republican organization was cleared today by the recognition as regular the convention presided over by Congressman Joseph H. Gaines, leader of the Swisher forces. The fight had been carried up to Chairman Frank H. Hitchcock, of the National committee, who appointed National Committeeman W. L. Ward, T. C. Dupont and Charles F. Brooker a sub-committee to hear both sides and pass on the respective merits of the claims advanced.

Tonight the sub-committee reported as follows: "After a careful investigation and hearing at which both sides received all the time they asked for, we find that the convention presided over by the Hon. Joseph H. Gaines, was regular and that the Republican State Committee of which S. V. Mathews is chairman, elected at that convention is the regular Republican State committee of West Virginia.

"We, therefore recommend that the Republican National committee recognize as regular the Republican State convention which Mr. S. V. Matthews is chairman. (Signed) W. L. Ward, T. C. Dupont and Charles F. Brooker."

Chairman Hitchcock has approved the finding of the sub-committee.

This settles the disputed point as to which of the two conventions held on July 8 and 9 was authorized. The Scherr party, it will be recalled, bolted an hour before the calling to order of the convention and put in the field a ticket of its own, in opposition to that headed by Swisher for Governor. This ticket now finds itself without an official label and must either be withdrawn or else run independently.

Senator Stephen B. Elkins, when seen tonight could not be made to say what effect the recognition of the Swisher faction by the National committee would have on the future attitude of the Scherr party.

"As far as the rank and file of the party is concerned," said he, "the action of the National committee in recognizing the convention presided over by Congressman Gaines as regular removes whatever doubts may have existed as to the legitimacy of the ticket nominated by that convention. It clears the committee headed by Mr. Matthews of the fraud accusations brought by the other side and establishes Charles T. Swisher as the official Gubernatorial nominee of the Republican party in West Virginia."

CONNECTICUT REPUBLICANS.

The Threatened Storm Passes—Lilley Nominated For Governor.

(By Wire to the Morning Star.)

New Haven, Conn., Sept. 9.—A funny story having for its moral "let bygones be by-gones" and a round of cheers for the whole ticket, National and State, brought to a close with unbounded enthusiasm the Republican State convention held in the Hyperion Theatre today.

For six hours nearly 600 delegates and as many more spectators were under nervous tension, waiting for political fireworks which did not materialize. In the parting words of United States Senator Frank B. Brandegee, the chairman, it was the most remarkable convention the party in Connecticut has ever held.

Congressman George L. Lilley, of Waterbury, was nominated for Governor and Frank B. Weeks of Middletown for Lieutenant Governor. The nominees for secretary, controller and treasurer are the present officials.

The big contest was that between Congressman Lilley, who brought about the inquiry into the Electric Boat Company before a Congressional committee last spring, and Lieutenant Governor Lake, of Hartford. The entire organization lined up behind the former (Lilley) in fulfillment of a pledge given two years ago. Mr. Lake went down to defeat by a three to one vote. Governor Woodruff, who was desirous of being retained on his record of business administration for the past two years, did not prove a factor in the contest. The platform adopted was short, but covered both National and State matters.

—Rocky Mount, N. C., Sept. 8.—The dedication of the Catholice church at Rocky Mount took place yesterday with all the ceremonies that mark such occasions in the Catholic church. The pastor, Father Whearty, through whose tireless energy this house of worship was built, was delegated to perform the ceremony. A solemn high mass was celebrated with Father Griffin, of Raleigh, celebrant; Father Hayden, of Nazareth, deacon, and Father Irvin, of Dunn, sub-deacon and Mr. Woods, of Nazareth, master of ceremonies. Father Price, who is well known throughout the State, delivered the sermon, which was an eloquent and forcible discourse. In the evening solemn vesper was celebrated, Father Price, celebrant; Father O'Brien, deacon; Father Griffin, sub-deacon. Father Griffin delivered a very instructive sermon followed by solemn benediction. The church is one of the most beautiful in the State and is a credit to the Catholics and especially is it a living monument to the untiring efforts of Father Whearty.
